

RAINFOREST

Workshops for Schools

- Through sound, art, movement and storytelling your children will be taken on a journey of discovery to the Amazonian rainforest.
- Unique educational experience for children
- Content is designed and written by the Splatt Theatre Company to cover the curriculum thematically through Literacy, Drama, Speaking & Listening, Geography/History, SMSC and DT
- Splatt Theatre Company brings the rainforest directly to your school
- Key Stage 2

The Rainforest experience offers:

A real-life adventure where the children will become Rainforest tribes people for the day.

The day involves...

- Interactive storytelling; performed by a professionally trained storyteller and actors. This unique story has been created specifically for this event and introduces the children to tribal life and the demise of the Rainforest and its people
- A physical theatre masked workshop; children will explore characters from the story through the medium of masked theatre, which mirrors the spiritual aspects of Rainforest tribal traditions
- Tribal dancing; children will learn a dance routine that infuses Samba and Bossa Nova rhythms
- Forest School: children will create their own Rainforest jewellery or clay masks (dependent upon the season) using natural materials led by an accredited Forest School provider.
- Our unique experiences can be tailored for your school's learning of this theme.

The benefits of the Rainforest workshop:

- Curriculum
- Creative expression & development
- Multi-sensory experiences
- Environment & Sustainability
- Co-ordination
- Music
- Teamwork
- Tailored to your school

Other immersive theatre themes by Splatt Theatre Company

What other schools have said:

"I just wanted to say that my son from Pickhurst Junior Academy had an amazing time at your Rainforest workshop today. He hasn't stopped talking about it. The whole class enjoyed a really inspiring and creative experience today. So on behalf of the whole class and parents, THANK YOU!"
